"We felt very happy," writes R.

#### Virulent Cancer Cured.

Startling proof of a wonderful  
advance in medicine is given by  
druggist G. W. Roberts of Elizabeth,  
W. Va. An old man there had  
long suffered with what good  
doctors pronounced incurable cancer.  
They believed his case hopeless till  
he used Electric Bitters and applied  
Bucklen's Arnica Salve, which  
treatment completely cured him. When  
Electric Bitters are used to expel  
bilious, kidney and merober poisons  
at the same time this salve exerts  
its matchless healing power, blood  
diseases, skin eruptions, ulcers and  
sores vanish. Bitters 50c, Salve  
25cents Clay City Lbr. & Stave Co.

#### A Cause Worthy of Support.

The ladies of the Walnut Hill  
Presbyterian Church have under-  
taken to raise a fund to build a  
church in Clay City. For the past  
eight years the Rev. R. A. Irvin  
has been stationed at Clay City,  
devoting his time to evangeliza-  
tion in Clay City and the sur-  
rounding territory; and the peo-  
ple among whom he has labored  
are anxious to retain him per-  
manently, but the Presbyterians  
are few in number and straight-  
ened in this world's goods, and  
his work is greatly impeded by  
the want of a church in Clay City.  
Mr. Irvin was raised in the Wal-  
nut Hill neighborhood, and was  
for many years an elder in that  
Church, and sprang from families  
which settled in that neighbor-  
hood in the eighteenth century,  
and by whom the Walnut Hill  
Church was founded, and upon  
the rolls of which church their  
names have been borne. The la-  
dies of the church desire to show  
their affections for, and appreci-  
ation of, Mr. Irvin by inaugurat-  
ing a movement to build a Pres-  
byterian Church, of which he will  
be the pastor, and which would  
be not only a Presbyterian house  
of worship, but a fitting testimo-  
nial by those who have known him  
and of his worth and of his devo-  
tion to the Presbyterian Church  
and to the spread of Christian re-  
ligion in the mountains of Ken-  
tucky.

We feel a personal interest in  
this matter. The Presbytery  
which licensed our farther to be-  
come a minister was held in the  
Walnut Hill church seventy years

ago. There have been various  
other ancestral, family and per-  
sonal ties connecting us with that  
congregation and the citizens of  
that neighborhood; but particu-  
larly do we feel an interest be-  
cause Mr. Irvin and we were  
classmates in Center College. We  
entered Center College the same  
time, and received our diplomas  
on the same day in the class of  
1855, and, we know how faith-  
fully Mr. Irvin has devoted his life  
in a conscientious and laborious,  
though somewhat obscure manner  
to the upbuilding of the people  
of his native State. We  
are not informed as to the  
particular mode in which the good  
ladies of Walnut Hill neighbor-  
hood have determined to raise  
this money, but it gives us much  
pleasure to make this announce-  
ment of their purpose, and to ex-  
press our most cordial good wish-  
es for its success, and commend  
it to the liberal of all denomina-  
tions and of every part of this  
country. — Lexington Morning  
Herald.

M. Baily, our progressive cus-  
tom miller, went to Winchester  
Monday and purchased a Hagan  
gasoline engine. Mr. Baily has  
been impressed for some time  
with the engine with which we  
run our press, which is a Hagan,  
and decided at last to buy one  
like ours. The Hagan engine is,  
without doubt, unsurpassed for  
power, simplicity convenience  
and everything else.

rately fitted. W. T. Webb.

Hubert Hunter, of Rosslyn, is in  
town today. Since closing out his  
business at Rosslyn, Mr. Hunter  
has accepted a position with a  
wholesale Saddle and Harness Com-  
pany of Louisville as traveling sales-  
man.

#### Saved From An Awful Fate.

"Everybody said I had consump-  
tion," writes Mrs. A. M. Sheild, of  
Chambersburg, Pa., "I was so low  
after six months of severe sickness,  
caused by Hay Fever and Asthma,  
that few thought I could get well,  
but I learned of the marvelous mer-  
it of Dr. King's New Discovery for  
consumption, used it, and was com-  
pletely cured." For desperate  
Throat and Lung Diseases it is the  
safest cure in the world, and is in-  
fallible for Coughs, colds and Bron-  
chial Affections. Guaranteed bot-  
tles 50c and \$1.00. Trial bottles  
free at Clay City Lbr. & Stave Co.

Quite a number from this place  
attended the opening ball at Torrent  
Wednesday night. An exception-  
ally large crowd was in attendance.

## The Balance Wheel

Look inside your watch a moment.  
The balance wheel is making 18,000  
vibrations an hour, if it's in good  
condition. If the movement is slug-  
gish, there's something wrong. It  
will move 3,558 miles in a year, and  
requires less than one-tenth of a drop  
of oil to make it run. But it needs  
that little badly. The least degree  
of friction on the bearings alters  
the motion. Don't take chances. Let  
me clean and oil and put your watch  
in order for a year. It will pay and  
satisfy you.

Corn crops in this section are looking well.

Dr. Winburn is having a new yard fence put up around his new dwelling.

Squire D. N. Witt has been in the burg a few this week passing jokes with the boys.

J. H. Dawson has bought a nice bunch of stock hogs of R. L. Daniel at 5 1/2 cents.

Owing to the heavy rain on Sunday, no services were held at the Baptist church.

Wm. F. McIntosh, of Calloway's creek was in town Monday transacting business.

New windows and shutters are being added to the Masonic store building at this place, and the property is otherwise being improved.

We judge from the large amount of riding Dr. Winburn is doing there is much sickness through the country.

Mr. Portwood has rented the John Sams store house at Sams and will shortly put in a stock of general merchandise.

Deputy Sheriff Chas. F. Masters is very low with typhoid fever at his home on Calloway's creek. His recovery is doubted by some. Dr. Winburn is the attending physician.

W. G. Patrick attended the district conference at Irvine last week. Mr. Patrick was appointed delegate to the General Conference which convenes at London, Ky. September 1st.

Sunday is the regular meeting day at the Methodist church. Sunday school will be held in the morning before preaching on regular church days instead of the afternoon, the usual time of meeting.

The teamsters can be seen on the roads from early morn till dark hauling tanbark, ties and etc., denoting great activity in the timber business. A. E. Barnett & Son are buying virtually all that goes from this section.

## Our Bridge.

To THE CLAY CITY TIMES:

—In reading the statement in our paper some weeks ago that our town had \$2,000 in the bank, and the suggestion to use it where it will do the greatest amount of good to the largest number of people, I noticed our bridge was left out. If we will study about it, we can not fail to realize that a bridge of some kind across Red river north of Clay City, will do more good, and is really necessary to a greater number of people than any other improvements that can be made.

The City Council has generously subscribed \$1,000 toward the construction of a wooden bridge across the river near where the old pontoon was, and we are reliably informed that the remaining amount can be easily raised by private subscription if some one will go to work and secure it.

It is impossible to cross the river during winter, thereby leaving many teams idle during this time. Every little rain makes the ford below the dam dangerous during the summer. So it is plain to be seen by any one that it is a great loss to our citizens to be without a bridge. The merchants are wearing out their wagons and horses delivering goods over such roads; and the mill men and tie contractors can not get their material without great loss. If any one of our business men will take notice of the great amount of traffic that passes over our bridge—when we have one—even for one day, besides the great number of working men that are compelled to go over the river, we are sure they would take an interest in getting a bridge of some kind. A good, strong pontoon would last for years, and could be built with a walk for less than \$1,000.

Now think about it, and build some kind of a bridge during the summer months, for the money could not be spent to the advantage of a greater number of "CITIZENS AND TAX PAYERS."

## Lock No. 10.

Messrs. H. P. Mason and R. Lahley, representing the Mason-Hoge Co., contractors, were in this county the first of the week, in connection with the building of Lock No. 10 in the Kentucky river. This lock will be located about two miles below Ford and we understand that work on it is expected to be begun some time this month.—Richmond Register.

## Never Moved, But Lived in Three Different Counties.

F. M. Snowden, a resident of St. Helens, Lee county, has lived for seventy-five years in the same house, but has lived in three counties. When he moved there in 1825, it was Estill county; in 1845 it was cut off to make Owsley county, and in 1870 it was made a part of Lee county.

## Oil at Indian Fields.

The Diamond Oil and Gas Company struck a flower in the Indian Fields district Friday. What is known as the Guy well burst out with a loud, rumbling noise. Immediately 550 feet of oil rose in the well, reaching within twenty feet of the top, and was unaccompanied by any sign of water. It was a big surprise to the company, as they had finished boring about six weeks ago, and have intended every week to shoot it. But a process of nature did the shooting for them.

Since the above was set in type, we have been informed that the well referred to above was

drilled during the war, and it is not the well recently drilled as is generally supposed.

Owing to the fact that postmasters, in handling so much mail matter, are liable to make mistakes and get mail into the wrong boxes, the postal authorities have fixed a penalty of \$200 on persons taking other people's mail out of the post-office and not returning it. The law is to have people look at the mail before they leave the office, and then if they should have mail which does not belong to them they should return it at once. This applies to newspapers as well as any other mail matter. The offense cannot be excused by saying that it is the postmaster's fault, as that makes no difference. Persons

who get mail other than their own should return it at once, or they may find to their sorrow that the law applies to them.

**HEAD NOISES CEASE IMMEDIATELY.**

F. A. WERMAN, OF BALTIMORE, SAYS:

Baltimore, Md., March 30, 1902.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,

It has been reported among the Oil men of the state that a fine well has been brought in on the Clark farm, near Clay City. There is no truth in this statement, but fine prospects are in evidence. Owing to sickness in the two families, work ceased last week, a depth of 125 feet having been reached. Drilling will be resumed soon. There was a well drilled near this place back in the 60's which produced both oil and gas, but was not thought, at that time, to be in paying quantities, so the well was abandoned.

In many instances attack of cholera morbus terminate fatally before medicine can be procured or a physician summoned. The safe way is to keep at hand a reliable medicine for use in such cases. For this purpose there is nothing so sure as Chamberlain's Colic, Cholera and Diarrhoea Remedy. W. E. Bosworth, of LaFayette, Ala., says: "In June, 1900, I had a serious attack of cholera morbus and one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy gave me relief in fifteen minutes." For sale by all dealers in patent medicine.

**How to Avoid Trouble.**  
Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowle complaints, both for children and adults. No family can afford to be without it. In response to a challenge from the home team, the Mt. Sterling club advised them that they did not play ball on Sunday. This is a commendable act on the part of the Mt. Sterling club, and should make the christian people of Mt. Sterling feel elated over their wise action. We regret that our boys do not do likewise. We can say nothing particular against the ball game, but think that more reverence should be shown our Maker on Sunday than in playing base ball. We might also add that it is our opinion that the on-looker and player are on equal terms.

We would very much dislike to live in a place where but few people were worthy of respect and speaking to, and we judge that some of this character in Clay City are pushed for a position or they would not remain in a place where so many inferior people reside. We are satisfied the town couldn't run with out them, but for ease of feeling, to themselves it would be good if they could find employment in a more aristocratic and haughty place, where all 10-cent fups belong.

Elsewhere in this issue will be found an article from the Morning Herald concerning the building of a Presbyterian church at this place. This will be welcome news to all at Clay City, and will be accepted by Bro. Irvin and his charge at this place with untold gratitude.

The Rev. Irvin has been known to us for ten years, and we must say, what all who know him say, he is a deserving and faithful minister in his Master's service.

**Read It in His Newspaper.**  
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks has suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, I feel as though born anew," and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by all dealers in patent medicine.

**MOTHERHOOD**  
 The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

**WINE OF CARDUI**  
 143 Market Street, Memphis, Tenn., April 14, 1901. In February, 1901, I took one bottle of Wine of Cardui and one package of Dr. Diodore's Black Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 21, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again.

**Sams Sayings.**

Frank Gould, of Sand Hill, will teach our school at Dry Ridge this fall.

Miss Lener Hamilton is quite sick at this writing with kidney trouble.

Asa Witt, of Witt Springs, has moved into his new residence on Main Street.

The farmers in this section are expecting a good corn crop to harvest this fall.

Mrs. D. N. Witt has been suffering with sick headache and neuralgia for several days.

C. F. Masters, Deputy Sheriff of this place, is very sick with typhoid fever. We wish him a speedy recovery.

J. W. Smith, who bought a farm of D. N. Witt, has become very badly dissatisfied in this county, and wants to sell out and go back to Menifee.

W. F. McIntosh has a mighty sick child with whooping cough. Trust it will soon get well, since Mr. McIntosh has previously had quite a lot of sickness in his family the past two years, he having recently lost several members of his family.

During the storm last Tuesday evening, lightning struck a sugar tree in Henry Tuggle's pasture, killing one of his cows that was standing near by. A tree in D. N. Witt's yard was also struck, shaking some of his family up considerably.

The statement that a gold dollar can be beaten out until it will cover an acre sounds pretty thin.

**Lumber Men Meet.**

Representatives of hard wood lumber mills, with an output of 750,000,000 feet annually met at Louisville Tuesday. The first thing they did was to raise the price of all lumber one dollar per hundred. This goes into effect immediately on yellow poplar and will be listed on all other hardwoods as soon as the prevailing prices at different mills are learned. The advance in yellow poplar is on top of the advance of \$2.60 to \$3.50 made at Lexington two months ago, which means an average advance of about \$4 on yellow poplar over prices of sixty days ago. The officers for Kentucky are as follows:  
 Vice President—Floyd Day.  
 Directors Robert Asher, C. N. Burt, R. H. Van Sant.  
 Grading Rules—E. B. Norman.

We are continually getting complaints from subscribers who fail to receive their paper regularly. Since the first of January we have not failed to get our paper out and mail to each of our subscribers. What is the matter? Some of them are now getting their paper direct from the office of publication to make sure of getting it. We don't think any of the postmasters who handle the Times willful-

ly makes way with them but careless handling sometimes makes great inconvenience to our readers. If these complaints continue to come in we will have to take steps to get Uncle Sam to look the trouble up for us.
